**Re: Clarendon County Temporary Suspension of Accommodations
Tax and Hospitality Tax Collections**

In recognition that the COVID-19 Virus has created a period of revenue disruption for local businesses, Clarendon County has suspended collection of all Accommodations and Hospitality Taxes and Fees until further notice. The Clarendon County Council recently passed an emergency ordinance allowing the County Administrator to take whatever steps are necessary to protect the public, the County Employees and the County. The recent and abrupt interruption of commerce requires that steps must be taken to help our businesses. It is the County's hope that this suspension will help small businesses survive this time of uncertainty until the state of emergency has passed.

Anyone with questions should contact Clarendon County at (803) 435-0135.
