We thank you for the interest in your community that you have shown by developing this program and for the energy that we know has gone into this application process. We give you our promise that all applications will receive consideration that reflects our belief that every organization that has come forward with a proposition has the best interests of our community at heart. And we give you our assurance that no application will be turned down because any organization has "failed to answer questions correctly." In our review, if we find that we do not have enough information to make our recommendations, a member of the Advisory Committee will be assigned to contact you and get more information, about the project you propose.

**Clarendon County, South Carolina
State Accommodations Tax Guidelines**

Excerpts from SC Revenue Ruling #98-22
And

Accommodations Tax Guidelines published by
the Tourism Expenditure Review Committee (TERC)

- A. Allocation and Spending of Accommodations Tax Funds
1. The first \$25,000 to the General Fund
 2. The balance remaining, after deduction of the \$25,000, must be allocated as follows:
 - a. 5% of balance to General Fund,
 - b. 30% of balance to special fund for advertising and promotion of tourism, and
 - c. 65% of balance, plus interest, to special fund for tourism-related expenditures
- B. Guidelines to Follow for Tourism
- “Travel” and “Tourism” mean the action and activities of people taking trips outside their home communities for any purpose, except daily commuting to and from work. *According to the S.C. PRT, the Travel Institute of America and other agencies, travel distance is generally defined as 50 miles. However, the Tourism Expenditure Review Committee considers any event that brings in tourists to a region and boosts the local economy.*
- C. In the S.C. Revenue Ruling #98-22, the Department of Revenue’s official advisory opinion on the allocation of Accommodations Tax funds provides the requirements for tourism-related expenditures. Tourism related expenditures include:
1. advertising and promotion of tourism so as to develop and increase tourist attendance through the generation of publicity;
 2. promotion of the arts and cultural events;
 3. construction, maintenance, and operation of facilities for civic and cultural activities including construction and maintenance of access and the nearby roads and utilities for the facilities;
 4. the criminal justice system, law enforcement, fire protection, solid waste collection, and health facilities when required to serve tourists and tourist facilities. This is based on the estimated percentage of costs directly attributed to tourists;
 5. public facilities such as restrooms, dressing rooms, parks, and parking lots;
 6. tourist shuttle transportation;
 7. control and repair of waterfront erosion; and
 8. operating visitor information centers.
- D. Allocations to the special fund must be spent by the municipality or county within two years of receipt. If the allocations are not spent within two years, the municipality or county is subject to the provisions of Section 6-4-30(6). However, the time limit may be extended upon the recommendation of the county or municipality and approval of the South Carolina Accommodations Tax Oversight Committee in Section 6-4-30. An extension must include provisions that funds be committed for a specific project or program.
- E. In the expenditure of these funds, counties and municipalities are required to promote tourism and make tourism-related expenditures primarily in geographical areas of the county or municipality in which the proceeds of the tax are collected where it is practical. Under the statute, in order to qualify as a “tourism-related expenditure” an expenditure must meet the following two tests:
1. The expenditure must be used to attract or provide for tourists.
 2. The expenditure cannot be used for an item that would normally be provided by the county or municipality.
- F. Additionally, if a county or municipality wishes to use Tourism-related Funds to provide additional county or municipal services, including, but not limited to, law enforcement, traffic control, public facilities and highway and street maintenance, the expenditure must also meet the following three requirements:
1. the expenditure must be for items that would normally not be provided by the county (i.e., if the item would be required even if the county or municipality had no tourist activity, then Tourism-related Funds may not be used to pay for the expenditure);
 2. the county or municipality must have a high concentration of tourism activity; and the amount of the expenditure must be based on the estimated percentage of costs attributable to tourists.
