## PLANNING COMMISSION RECOMMENDATION

**TO:** Clarendon County Council Members  
**FROM:** Tabitha Hanna, PC Director  
**DATE:** September 23, 2022  
**RE:** Project Z-22-01 – Zoning Reclassification of property located at  
I-95 & Highway 301 at Ram Bay, West of Manning  
From Agriculture II (AGI II) to General Commercial (GC)  
Tax Map # 122-00-03-017-00  
Property Owner: Margaret Jackson Sorrell, Trustee  
Applicant: Dwight L. Stewart

### **BACKGROUND:**

Mr. Stewart is requesting this zoning amendment to the Official Zoning Map adopted on September 12, 2011, to permit the placement of Mini-Warehouses on the subject parcel. The land use proposed, Mini Warehouses, is not permitted in the Agriculture II district. The total parcel area is approximately 4.5 acres. There are no improvements currently listed on the property.

A copy of ordinance 2021-10 to rezone the subject site is attached for your review. A map of the subject site is attached as Exhibit A of the ordinance.

Current South Carolina case law places the burden of proof on the applicant to show by “clear and convincing evidence” the proposed change should be made. The County is not obligated to make a map change unless it determines the applicant has submitted enough evidence to warrant the requested change.

### **Comprehensive Plan Consistency**

Mini-Warehouses are not specifically mentioned in the Strategic Plan Goals and Objectives of the County Comprehensive Plan as adopted on December 10, 2018. However, storage facilities are addressed in the Land Use Element for Mixed Use in residential neighborhoods to promote

supportive uses, but in a harmonious and low-impact way. A mini-warehouse facility would not be in conflict with the Comprehensive Plan and may promote the following goal and objective:

**Goal 1:** Encourage sustainable and efficient growth that preserves Clarendon County's character and promotes its assets.

Objective 1.3: Promote varied, sustainable, and efficient commercial development at desirable locations throughout the County.

**Compatibility With Land Uses in the Surrounding Area**

The adjacent property to the west is rural, woodlands and agricultural lands in nature and in the General Commercial District. Properties to the north, south and east of the parcel are agricultural lands, including General Commercial business. Compatibility between the properties already exists with fencing and trees.

**RECOMMENDATION:**

In conformance with the requirements of Section 91 of the Unified Development Code, the Planning Commission shall base their decision on the findings of fact and recommend to County Council to deny or amend the official zoning map as requested by Mr. Stewart (Project # Z-22-01) to change the zoning district designation for Tax Map parcel # 122-00-03-017 from Agriculture II (AGII) to General Commercial (GC) if:

1. The proposed change would correct a deficiency in the Official Zoning Map adopted on September 12, 2011.
2. The proposed General Commercial zoning is consistent with the Comprehensive Plan adopted by Clarendon County.
3. The existing and proposed uses are compatible with the land uses in the surrounding area.
4. There is enough evidence to justify the proposed map change.
